

Worldly

HANOVERIAN PREMIUM STALLION

1997, chestnut, 167cm.

Licensed and performance tested stallion. State Stud Celle – Germany.

Worldly is by the legend in his own time, the supersire Weltmeyer who is a prolific sire of licensed sons and state premium daughters and seems to cross well with all sorts of mares. He is a tremendous improver of dressage ability in his horses.

Damsire, Brentano II has made his name as a producer of top dressage horses. He was winner of his licensing and performance test in 1985 and has style and ability. HE presents himself with great masculine presence and good confirmation. He, like his father Bolero, is a highly esteemed hereditary transmitter of rideability and rhythmic movement.

Worldly gained first place in the dressage section at his performance test in 2000, with a remarkable score of 143.20, and was overall Reserve Champion. He received 8's for character and confirmation and 9's for temperament and willingness to perform. He gained an outstanding 10 for rideability and trot, 8 for walk and 9.33 for gallop. He moreover won the Champion's Prize of the riding horses and the indoor tournament in Bremen in 2001. He has 11 licensed sons, 11 state premium mares, 36 auction horses.
